**Code of Conduct
FOR THE WELFARE OF THE HORSE**

Considering that WAVE aims to meet the highest standards of equestrian competition and therefore pretends at all times to safeguard the welfare of the horse, we strongly recommend that at all times following principles are met by all the involved:

- That in all stages of the competition (during the preparation and training of competition horses) welfare must take precedence over all other demands

- Owners, trainers and judges have to be sure that horses and competitors must be fit, competent and in good health before they are allowed to compete

- The events OC have to pay careful attention to the facilities (involving competition areas, ground surfaces, stabling), weather conditions, site safety and fitness of the horse for onward travel after the event.

- WAVE urges all involved with the sport to attain the highest levels of education in their areas of expertise

We wish all riders and horses a safe trip to Austria, a great competition and we are looking forward to welcome all of you soon!!!
